CAREER OBJECTIVE -

Dedicated and skilled Front-end Developer (MERN). Proficient in leveraging the full potential of JavaScript-based technologies and libraries to create robust and scalable solutions. Committed to delivering high-quality solutions that prioritize user satisfaction and technical excellence, looking for an opportunity to start my career.

SKILLS

- **Technical Skills:** HTML, CSS, JavaScript, Java, React, Node.js, MongoDB, Express, Selenium, EJS, Tailwind, MUI.
- **Other:** Udemy: Web Development BootCamp (completed), Familiarity with back-end technologies, Version Control (Git), Automation Testing, Manual Testing.
- **Courses:** MERN stack Web Development Course from **Wisdom Sprouts Training Institute** (Pune)

EXPERIENCE-

React JS Developer Intern (Shyena Tech Yarn Gen. AI) [Sep2024-Nov2024]

- Refactored application code by replacing Context API with Redux for state management, improving scalability and maintainability.
- Built interactive and responsive Graphs and Pie Charts to simplify analysis using MaterialUI, ShadCN, React-suite libraries.
- Worked on Intelliconvo.io, processing and analyzing 100% of recorded customer conversations.

Front-end Developer Intern (Scalefull Technology) [July2024-Dec2024]

- Developed interactive dashboard components using JavaScript and integrated backend APIs for our client, Axis Bank. Using EJS and NodeJS.
- Built and validated forms using Formik and Yup for bank applications.

PROJECTS-

- **AI-Powered Code Reviewer** -Developed an AI-powered code reviewer using the MERN stack and Gemini 2.0 Flash model, enabling automated code analysis and improvement suggestions.
- **Blog Website with User Authentication** - MERN website used TailwindCSS, ReactJS, NodeJs, Express, MongoDB. User Auth, CRUD Operation. Its a minimalistic website.
- **Gym Application+B.M.I Calculator** - Created a fully responsive gym application using Pure CSS, React, Node.js, and Express. Implemented Nodemailer for email notifications and included a BMI calculator for fitness tracking.
- **Job Search Platform** - Recruitment and Job seeking platform, used TailwindCSS, ReactJS, NodeJs, Express, MongoDB. User Auth, CRUD Operation.

INTERESTS

- Collaborating with individuals possessing diverse expertise in technology.
- Currently learning Next Js and mastering Node Js.
